Responsibilities

A responsibility is when you make good choices and you are trusted. You take credit for your own actions.

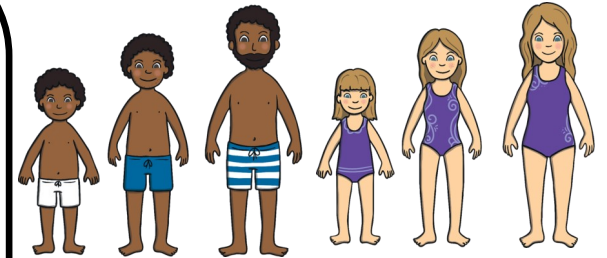

When you were a baby, you always had someone looking after you.

Now you are older, you have more responsibility. You can brush your own teeth, get dressed, and do your homework.

When you grow up, you will have lots more responsibility.

You will be able to go to the shops by yourself, drive a car, look after your own children, and work to get money.
