

Hello! We are The Children's Attendance Working Party. We use our 'Pupil Voice' to help improve attendance at our School.

Being at school on time every day means that you will not miss out on any learning.

I like all the attendance rewards. I would like to help my class so that we can have an ice-cream treat.

All the adults at school are here to help us.

All children have the right to learn.

When attending our school, you learn the Rights that all children should have.

I like helping. I have lots of ideas. I love the attendance stickers.

Learning at school builds your confidence and helps you make strong friendships.

If you come to school, you learn. A better education leads to a better job.

Being at school develops your skills and talents.

I am new to this group.

In the Attendance Group meetings, we use our pupil voice to come up with ideas.

People will be happy if they are in school. We have a class train. This helps us know if we are on track for a treat.
