

Expressive Arts and Design

Expressive Arts and Design is one of the seven areas of the Early Years Foundation Stage and is used to develop a child's imagination, creativity and their ability to use media and materials.

Expressive Arts and Design supports children to explore and play with a wide range of media and materials, as well as providing opportunities and encouragement for sharing their thoughts, ideas, and feelings through a variety of activities in art, music, movement, dance, role play, and design and technology.
