Our Timothy Hackworth School Vision

May our Rights Respecting School be a happy place for us all to learn; where every one of us is valued and safe in our Timothy Hackworth School Family. May we all be the best that we can be by making a positive difference to each other, our community in Shildon and the wider world in which we all live.

Mission Statement (written by children):

We would like our school, which reflects British Values, to be at the heart of the community, sharing, supporting and learning together with everyone as equals. Our children have the right to high quality learning experiences to help them to be the best that they can be.

We encourage our children to be creative, unique, open-minded and independent individuals, respectful of themselves and of others in our school, our local community and the wider world.

We aim to nurture our children on their journey through life so they can grow into safe, caring, democratic, responsible and tolerant adults who make a positive difference to British Society and to the world.

Values

Ours is a happy school with high hopes and ambitions for all our children and we welcome working in partnership with parents and carers to ensure that everything is done in the best interests of the children at all times.

All of our staff take their responsibility towards the children seriously and they strive to help each child reach their full potential as global citizens physically, emotionally, socially and academically. We are fully committed to the [CONVENTION ON THE RIGHTS OF THE CHILD](#).

To us, every child is unique and precious and we endeavour to foster a high level of motivation towards learning and behaviour. We are committed to the basic skills of English and Maths.

At all times, we aim to centre the teaching in an atmosphere of mutual respect and personal respect. A high quality education is [the right of every child](#), and at Timothy Hackworth Primary School, we embrace that responsibility and strive to achieve it for all our pupils.

Introduction

A number of pupils may experience difficulties in maintaining continuity of education because of health issues at some time during their school career. These issues may be short or long-term, to which Timothy Hackworth Primary School needs to respond in order to ensure that all pupils access their statutory entitlement to education.

We are committed to promoting inclusion, equality of opportunity and continuity of education for pupils with health needs. Education is the right of every child.

This policy applies to pupils who are temporarily unable to attend school because of illness, injury, anxiety and identified mental health problems.

The purpose of this policy is to reflect and to confirm to Durham County Council's statutory duties in accordance with:

- Section 19 of the 1996 Education Act which states that Local Authorities have a duty to 'make arrangements for the provision of suitable education at school or otherwise than at school for those children of compulsory school age who by reason of illness, may not for any period receive suitable education unless such arrangements are made for them';
- DfE Statutory Guidance January 2013 – 'Ensuring a good education for children who cannot attend school because of health needs.';
- The Equality Act 2010.

Ensuring access to education for pupils with health needs is the responsibility of the Local Authority and Timothy Hackworth Primary School.
