CRC Article 13: All children have the right to information.

CRC Article 28: All children have the right to learn and go to school.

Year 5 were given the opportunity to take part in a very useful Online Safety Workshop. The children worked with a visitor to explore online safety in a creative way. The children learned the acronym 'SIFT'. SIFT stands for 'Stop, Investigate, Find and Talk'. The workshop focused on how to use the internet critically and the children explored the five different ways of being critical: important, serious, finding mistakes, thinking carefully and decision-making. They took part in a range of activities and one of them focused on creating still images in a small group highlighting a scenario which took place online. In another activity, the children sorted a range of AI and human images. Well done Year 5; you showed your understanding of the right to be safe, online!

# Year 5 Pulse Workshop

CRC Article 6: All children have the right to be healthy.

CRC Article 31: All children have the right to rest and play.

 $\stackrel{\star}{\sim}$ Year 5 had the exciting opportunity to take part in a Dance Workshop called ★PULSE. In the Pulse workshop, which linked to our Science learning, there were  $\frac{1}{2}$  three different sections. The first was creating movements for all of the planets \*(and the Sun) and adding these movements to music. We performed the sequence  $\frac{1}{2}$  three times and each time it got progressively harder. In the second part, three ☆professional dancers - Ella, Elizabeth and Aaron - performed for us. They used a  $\frac{1}{2}$  range of songs with multiple tempos, which affected how they danced and moved. \*We recognised the moves we were taught at the beginning of the workshop within  $\frac{1}{2}$  their performance. The dances incorporated light and shadows which was amazing! Finally, we took part in a discussion where we were able to ask the dancers a range  $\hat{\mathbf{A}}$  of questions and they took turns to answer.

The vegetable spring roll masterclass with Chartwells proved to be an absolute delight for Year 4! This engaging workshop was designed not only to teach cooking but also to foster creativity and teamwork among the children. The session started with everyone gathering around to chop and prepare a colourful array of crunchy vegetable fillings, where the children practised essential knife skills under the attentive guidance of experienced instructors. As they diced carrots, bell peppers, and spring onions, giggles and chatter filled the air, creating an enjoyable atmosphere.

☆ Next came the exciting challenge of mastering the art of filling and folding the spring ☆ ☆ rolls. The children were amazed at how simple ingredients could turn into delightful ☆ culinary creations. The instructors took the time to demonstrate various folding ☆ techniques, offering tips and encouragement along the way. Each child was  $\bigstar$  $\star$  encouraged to personalise their rolls, adding their unique flair to the dish. By the end  $\star$ ☆ of this transformative experience, not only did students have a plateful of delicious ☆ 🖕 spring rolls to enjoy, but they also gained newfound confidence in their cooking skills 🖕 and an appreciation for healthy, homemade food.  $\bigstar$ ☆

All children have the right to be the best that they can be – developing their personalities, talents and abilities to the full.

Some of our pupils were extremely busy on World Book Day this year as it coincided with The Primary Engineer Celebration Event – organised and sponsored by The Reece Foundation. Children from Year 2 and Year 5 worked with their respective teachers, Mrs. Paramore and Miss Pascoe, to produce a prototype for the Primary Engineer Rail Programme, with final judging at The Dolphin Centre in Darlington.

The Year 2 children's models were based around their Design & Technology (Structures and Mechanisms) work; the children included wheels and axles and a braking mechanism in their designs and had great fun testing their models on a ramp as part of the final competition.

Our Year 5 team gave up their own time to produce their more complex, battery-powered prototypes that included hand-sawn timber chassis, wheels and axles, a series of pulleys and a motor drive. The Year 5 children came up with their own theme of promoting children's mental health and wellbeing and their decorative designs included sport and fitness, healthy eating, arts & crafts and mindfulness. The children had to test their model's ability to move in a straight line – in forward and reverse.

All pupils were interviewed by professionals from industry - which was an extremely proud moment for the children and their teachers - and they were amazing! A special 'congratulations' goes to Isabelle in Year 5 who won the Communication Award for the whole competition!

In between testing, the children enjoyed a range of activities provided by The Reece Foundation, with Year 5 even surreptitiously joining in a fitness class! We were all back in time to change into our pyjamas, curl up with a book and join in the whole-school World Book Day activities. Well done children - you were all fantastic!

☆ ☆During the Spring Term, Year 4 at our school has experienced the privilege of having a dedicated dance st teacher to deliver weekly PE lessons, focusing on gesture, travel, turn, jump and stillness. The engagement  $\star$  and enthusiasm demonstrated by the children throughout these lessons have been admirable. Not only have the students thoroughly enjoyed the sessions each week, but they have also shown significant ☆ improvement over time.

☆ ☆ Under the guidance of the dance teacher, the pupils have improved their skills in various movement types, st learned how to construct sequences, understood the importance of warm-ups and cool-downs, and \*mastered the process of choreographing a dance routine as a whole class. Each week, the children have eagerly learnt new steps and successfully executed complete routines, showcasing their ability to adhere  $\frac{1}{2}$  to the specific style of dance and respond effectively to music.

☆ This initiative has not only ignited a passion for dance amongst the children but has also provided them ☆ with an opportunity to develop physical coordination, teamwork, and creativity.
