Our Equality Objectives – November 2017 – November 2021

Please note that additional information is currently being sought to complete our 'Equalities Information and Objectives' document.

In the meantime, please find below our school Equalities Objectives.

Our Equality Objectives are:

1. As a Rights Respecting School, we would like our whole school community to further develop and further build upon their knowledge and understanding of Article 30 of the Convention of the Rights of the Child,

‘Every child has the right to learn and use the language, customs and religion of their family, whether or not these are shared by the majority of the people in the country where they live.’

2. As a Rights Respecting School, we would like our whole school community to further develop and further build upon their knowledge and understanding of equality of opportunities in relation to gender and employment, supported by Article 29 of the Convention of the Rights of the Child,

‘Education must develop every child’s personality, talents and abilities to the full. It must encourage the child’s respect for human rights, as well as respect for their parents, their own and other cultures, and the environment.’

We will update our equality objectives every four years and publish them on our school website.

We will review progress on these objectives annually and this documentation will be held within school.
